

Life Science Partner: Medical Device and Integrated Technologies Experience

Life Science Partner is an executive search and consulting firm recruiting transformational leaders to lead medical device, biopharmaceutical, and high-tech healthcare services companies. Our clients return time and again for our medical and scientific knowledge, our extensive networks across the industry, and our highly-focused, principal-led process that provides superior candidates.

Life Science Partner has a significant practice in the area of medical devices and novel integrated solutions that include drug delivery systems, information enhanced devices, and biological products for health problems that were previously treated with mechanical solutions. We work for some of the market leaders, as well as early stage companies backed by the top venture capitalists.
